AIR DENSITY SEPARATOR

Simple to install and operate.

***Counterflow air design allows complete separation
of various product densities.***

***Single ' Constant' CFM requirement
Variable speed roll feeder allows constant uniform
feed rate.***

***Air control damper can be set at the fan for ease of
operation.***

***Slope of incline angles
and generous product
area makes the design
almost impossible to
choke.***

***Various sizes to fit your
volume needs***

***Large oversize viewing
windows make separation
adjustments easy.***
